

C-Edge's Center of Excellence (COE) aims to provide best practices, training, deep domain expertise, technical implementation and testing expertise for the banking industry. Over the last 7 years, we have gained this expertise in the course of implementing banking solutions for over 150 banks.

### Overview

C-Edge follows a 2-pronged approach to building the COE, namely:

1. Building and grooming a skill base and leveraging the talent pool available with us.
2. Mapping the customer requirements and building expertise to address them

C-Edge has a strong skill pool of more than 100 associates covering areas such as:

- Banking Domain
- Web Technologies
- Client Server & Data bases
- Legacy Systems
- Testing
- Infrastructure Services

## Benefits

- Ready to deploy skill pool of associates
- Ability to meet varied requirements of customers
- High-quality experience and work ethics
- Agile framework to build expertise around niche and emerging technologies

## C-Edge Advantage

- Strong expertise in both domains – banking and technology
- Ready to deploy resources
- Ongoing monitoring of deployed resources to achieve optimum productivity
- Short turnaround time to address customer requirements
- Competitive rates

**C-Edge Technologies Ltd is a leading Technology, Infrastructure and Service provider to financial institutions in India and abroad.**

C-Edge is a joint venture, between Tata Consultancy Services Ltd. (TCS) and State Bank of India (SBI), to provide transformational capability to the Indian financial services and emerging markets by addressing major technology needs of this industry. We are an integrated solutions provider and have created a niche market for ourselves, in India and abroad, by leveraging the technical and domain competencies of both our parent companies. The rich heritage possessed by our parents has given us many innate advantages resulting in tangible benefits for the banks we serve.
