

Technology has changed the face of the banking industry to the extent that it has blurred physical boundaries and unleashed opportunities that seemed remote in the past. Banks and Financial institutions are leveraging technology to offer 24 X 7 services to their customers irrespective of their location. Brick and mortar presence has diminished with the advent of multiple delivery channels. Customer transactions have largely migrated to the virtual space.

Overview

C-Edge's Internet Banking application is one of its forays into the domain of delivery channels and is specially developed for operations in line with the global environment in Banking.

Key Features

- User friendly interface
- Advanced built-in security features

C-Edge Technologies Ltd is a leading Technology, Infrastructure and Service provider to financial institutions in India and abroad.

C-Edge is a joint venture, between Tata Consultancy Services Ltd. (TCS) and State Bank of India (SBI), to provide transformational capability to the Indian financial services and emerging markets by addressing major technology needs of this industry. We are an integrated solutions provider and have created a niche market for ourselves, in India and abroad, by leveraging the technical and domain competencies of both our parent companies. The rich heritage possessed by our parents has given us many innate advantages resulting in tangible benefits for the banks we serve.
