#### **OVERVIEW**

Immediate Mobile Payment Service (IMPS) is a merchant payment system developed by NPCI which allows customers to use their mobile device to make instant 24 x 7 Immediate payments to merchants or enterprises via their mobile phones.

Irrespective of the geographical location IMPS transfers money electronically from one person to the beneficiary via a mobile phone.

#### **ABOUT US**

C-Edge Technologies Ltd. Is a leading Technology, Infrastructure and Service provider to financial institutions in India and abroad. C-Edge is a joint venture, between Tata Consultancy Services Ltd. (TCS) and State Bank of India (SBI), to provide transformational capability to the Indian financial services and emerging markets by addressing major technology needs of this industry.

## BENEFITS OF C-EDGE IMPS

- > Instant : As soon as transfer is initiated, funds are transmitted instantly
- > Anytime : IMPS is available 24x7 including weekends and holidays
- > Secure : Only registered customers can participate
- > Anywhere : IMPS transfers can be executed via mobile phone irrespective of geographical location
- > Simple : Transferring funds becomes a simple process. Only the identifier and mobile number of beneficiary is required.

## IMMEDIATE MOBILE PAYMENT SERVICE

With progress comes expansion and this can be widely witnessed in the banking domain. New banks have mushroomed at an enormous speed to satisfy the growing needs of the well-informed customer. This has also led to several branches opening in various locations all over the country. Millions of bytes are created and stored every minute. Converting data into meaningful information in the shortest period has now become a challenging task for the senior management of financial institutions.

## C-EDGE ADVANTAGE

- > Available on Cloud
- > Ready to deploy
